Laser tattoo removal

Price starts from \$75

Q-Switched Nd Yag Laser removes Blue, Black, Red, and Brown colours. Pulses of light are emitted at nanosecond pulse duration, and are absorbed by the tattoo ink and fragment the particles. The lymphatic system then absorbs the indigestible particles and remove them out of the body.

Laser hair removal

We have two types of laser Hair removal machines : Diode 808 NM LASER and LONG PULSED ND- YAG LASER . With these 2 machines we can effectively and safely remove hair on all skin types, even the deeper or hormonal hair growth that has been unsuccessfully treated with other laser machines.

Please refer to the Hair Removal leaflet for price list.

Laser skin toning/tightening

Face+ Neck	\$250
Face+ Neck + Decolletage	\$300
Neck only	\$150
Under Eyes only	\$125
Neck + Decolletage	\$200

It is a non ablative, non invasive and comfortable laser treatment for skin rejuvenation to treat skin ageing, Acne ,uneven texture, large pores and scarring. The laser penetrates deep into the dermis's deepest layers to increase the skin's collagen production, kill acne bacterias and shrink pores. Comfortable and no down time treatment.

Laser vascular/ spider veins/ rosacea

Starting price \$125 onwards

Long Pulsed Nd-Yag Laser is the most efficient and effective treatment for spider veins Leg veins and rosacea. Laser works by emitting a wavelength of high energy light which will create heat and destroy the targeted cell with less risk of breaking the epidermis layer.

Laser Pigmentation Removal

Starting price \$150 onwards

Enzyme peel add on +\$50

Q-Switched ND Yag laser is the latest in laser treatment to remove skin pigmetations. At a nanosecond per pulse, the laser can break the pigments into tiny particles which then through the lymphatic system be eliminated. The amount of sessions needed will vary depending on the type of pigment, depth, and genetic back ground.

Advanced Facials

Erase A- line (1 hr) \$150

A unique treatment which combines microdermabrasion with glycolic acid and Vit. A serum to :
- boost regeneration of skin cells faster
- soften wrinkles and lines
- soften acne scarring

Papin Pigmentation Enzyme \$150

Papaya enzyme called proteolytic changes protein into peptones, Shea butter and Pancreatin enzymes. Suitable for:
- dehydrated skin
- pigmentation treatment

Acne Treatments :

Acne Facial \$150

Acne Facial + Laser \$250

Acne Facial + LED \$200

Acne facial is an intensive treatment for acne or congested skin using a combination of ingredients to clear and heal acne break outs. Add a laser and LED for a better result and to return the skin to a healthy state and reduce oil production.

Aqua Peel \$150

Is a treatment which removes build up of dead skin cells, clears blackheads and cloggings, using a gentle aqua dermabrasion machine, which at the same time enriches the skin with formulas that are high in hydro-essence, vit B and galactomycis peptides to restore healthy skin tissue and normal cell turn-over. Includes extractions.

Microdermabrasions (45m) \$120

Microdermabrasion is a procedure that mildly sand the surface of the skin using crystals to create superior exfoliation leaving you with a brighter and more refined skin tone followed by soothing mask and repair serum.

Medium strength peel treatments

The peels are formulated to exfoliate the skin by resulting a controlled destruction of a layer of the epidermal tissue. It is an excellent treatment for acne scars, hyper-pigmentation and superficial wrinkles and sun damaged skin.

Jessner Peel \$250

A combination of lactic, salicylic and glicolic acids peel.
Rejuvenates and improves texture of the skin

Cabernet Enzyme \$250

contains the natural antioxidant powers of red wine grapes.
- protect against UVA & UVB radiation
- helps to moisturize and soften skin
- evens out discolouration and clarifies the skin
- Removes lines and wrinkles
- Improves the appearance of enlarged pore

HIFU (High Intensity Focused Ultrasound)

Face	\$400
Face + neck	\$500
Neck + décolletage	\$300
Hifu + Enzyme	\$450
Hifu + LED	\$450
Hifu + Enzyme + LED	\$500

The latest breakthrough in nonsurgical face lifting, Intense ultrasound energy is delivered to tighten the sagging muscle tissue, giving an instant lift. HIFU delivers safe, effective and long-term treatment results. Over a period of 3 months the skin tissue starts to regenerate, creating a more radiant and plump younger looking skin

LED

Led Light Therapy 30 min	\$100
As an Add-On Treatment	\$ 50

LED uses concurrent wavelengths of LED lights, which penetrate the top layers of the skin and are absorbed by the cells, which then stimulates the production of Collagen and Elastin, resulting in the visible improvement of the skin texture, elasticity and tone

BLUE LED LIGHT: it has been proven to have powerful anti-bacterial properties that have the ability to kill the acne causing bacteria. It prevents and treats mild to moderate acne, purify the skin, stabilizes oil glands and heal inflammation. Excellent for reduction of oily and sensitive skin as well.

RED LED LIGHT: It has the ability to reach down into all the layers of the skin where it rejuvenates, stimulates collagen production, prompts cellular repair and increases circulation promoting a more vibrant and youthful complexion.

INFRARED LED LIGHT: it increases the blood circulation and stimulation of collagen, reduces the appearance of redness, Swelling and inflammation and improves skin's immunity.

Dermapen Skin Needling

Face	\$300
Face + neck	\$400
Stretch marks	from \$200
Body	from \$200

A Medical grade fractional skin rejuvenation. Vertical ultra-fine needles are passed across the skin with an oscillating needle cartridge to stimulate collagen and elastin productions, reduce appearance of acne scarring and stretch marks, dramatically smooths and retexturize coarse, thickened skins, minimises open pores and reduces the appearance of fine lines and wrinkles

Endermologie lipo massage fat and cellulite reductions

20 min treatment	\$ 90
30 min treatment	\$ 120
5 - 30 min treatment	\$ 550
10 - 30 min treatment	\$1,000

Is patented and FDA approved treatment to reduce the appearance of cellulite and localized fat through systematic rolling and suctioning the affected area.

Skin tags-Milias-Cholesterol deposits-moles removal

Radio+high frequency Treatments	Price from \$ 100
---------------------------------	-------------------

Treatments work Non-Invasively using a machine which combined Radio and High Frequency energy that is attracted to fluids and cauterizes the feeder vessels to various lesions, so they are removed instantly or dry up and fall out. Treatments are very quick, do not pierce the skin's surface and do not harm the surrounding tissue.
