

LASER GENESIS

Face + Neck = \$ 250

Laser genesis is a comfortable and non ablative treatment that incorporates a low level Long and Short pulses of 1064 nm and 1320 nm ND Yag laser to cause the skin to tighten, tone, hydrates, reduce pores, kill acne bacteria and reduce flushing on the skin.

LASER PIGMENTATION REMOVAL

Price star From = \$ 150

Q-Switched ND Yag laser is the latest in laser treatment to remove skin pigmetations. At a nanosecond per pulse, the laser can break the pigments into tiny particles which then through the lymphatic system be eliminated. The amount of sessions needed will vary depending on the type of pigment, depth, and genetic back ground.

LASER VASCULAR/SPIDER VEINS/FLUSHING

Price From = \$ 150

Long Pulsed ND-Yag laser works by emitting wavelength of high energy light to destroy the targeted cell with less risk of breaking the epidermis layer.

BODY CONTOURING TREATMENTS

CRYO SCULPTING / FAT FREEZING

1 treatment \$ 300
4 treatments \$1000

A proven method to effectively remove localized fat usingan integrated technology of cryo (controlled cooling) vacuum and Infrared light. The cooling is set so that it causes death of subcutaneous fat cells without damaging

surrounding tissues. The damaged fat cells then are eliminated through the liver.

ENDERMOLOGIE

Per treatment \$ 140
10 treatments \$ 1200

Is a highly effective treatment for reducing the appearance of cellulite and toning the Skin through systematic rolling and suctioning of the affected area. Endermologie is a whole body wellness and has been proven to reduce BMI and increase metabolism in as little as 4 treatments.

PERMANENT HAIR REDUCTION

Laser Hair Removal

with 800 nm Diode laser: (refer to separate price list)

This laser wavelength offers the deepest penetration levels and superior melanin absorption which makes it the most suitable technology for safe and effective treatment of all skin and hair types on all body areas. The cooling tip technology improves client's comfort.

Hormonal Facial Hair Removal

with Long Pulsed Nd-Yag Laser

1064 Long pulsed Nd.Yag Laser: Delivers excellent results for stubborn and hormonal facial growth

Permanent hair removal for all hair types, including grey using a disposable fine needle treating individual hair. Requires multiple treatments. Great for small areas such as face.

Treatments Menu

FACIALS

We take pride in continuously implement the best techniques of skin treatments, incorporating the most advanced ingredients and technologies available, setting new standards for skincare to create instantly visible results. In all our facials we incorporate treatment modalities to effectively target skin concerns while cultivating optimal skin health for cell regeneration and without irritation.

SIGNATURE FACIAL

60m = \$ 145

We customise all facials to your skin condition and needs, including sensitive and rosacea skin. Included in this facial: deep cleansing, customised exfoliation using a combination of enzymes and AHA/BHA, our signature massage, a mask and infusion of collagen, peptides and multivitamin to renew skin and reveal a healthier, youthful-looking complexion.

ACNE/BLEMISH CONTROL TREATMENT

60m = \$150 with LED = \$ 180

A specific treatment to deep cleanse pores, improves skin clarity and reduces blemishes, leaving skin with a healthy, vibrant glow using a combination of Enzyme and Glycolic acid to exfoliate and boost natural cell turnover. A specific masque to kill the bacteria so the skin can start heal. Includes in the treatment extraction. Add in an LED light treatment to speed up the healing process and kill the P bacteria.

PIGMENTATION/BRIGHTENING FACIAL

60m = \$ 150 with LED = \$ 180

Indications: Hyper-pigmentation, sun damage, acne scars and uneven tones or discoloured patches. A treatment to inhibit and reverse the Tyrosinase activity, which is a cause of pigmentation. This treatment utilises a specially formulated enzymes, and an infusion of a powerful cocktail of skin lighteners. Add in a Yellow LED light is beneficial to accelerate pigment lightening process.

AQUA PEEL FACIAL

60min Face = \$ 175
80 min Face + neck + Decoll = \$ 230

Original Aqua Peel from Korea is a type of hydrodermabrasion which contains glycolic, Lactic and peptides in the solution. Good for congestion and acne prone skin

MICRODERMABRASION

60 min = \$ 145

A very fine crystal is used to exfoliate the skin. We combine the use of Enzyme to soften the skin to maximise the end result and Collagen infusion. This treatment is suitable for thickened and congested skin.

HIFU (HIGH INTENSITY FOCUSED ULTRASOUND) SKIN TIGHTENING

Face = \$ 500
Face + Neck = \$ 650
Jawl + Chin = \$ 350

The latest breakthrough in nonsurgical face lifting, Intense ultrasound energy is delivered to tighten the sagging muscle tissue, giving an instant lift. HIFU delivers safe, effective and long-term treatment results. Over a period of 3 months the skin tissue starts to regenerate, creating a more radiant and plump younger looking skin

DERMAPEN MICRO-NEEDLING

Face = \$ 350
Face + Neck = \$ 400
Micro-Needling pigmentation treatment = \$ 300

Is a pen like device which has tiny needles that works to create micro injuries in the skin to improve skin texture, and laxity. When used as a whitening treatment for melasma, microneedling increases the growth factors in the epidermis and improve the absorption of whitening peel.

MICRONEEDLING RF

Face = \$ 500
Eyes = \$ 225
Face + Neck = \$ 700

Rf microneedling delivers the same intense results as the ablative laser with much less the downtime. Ideal for treating acne scarring, big pores and fine lines and wrinkles.

LED LIGHT THERAPY

30 min = \$ 80

LED uses concurrent wavelengths of LED lights, which penetrate the top layers of the skin and are absorbed by the cells, which then stimulates the production of Collagen and Elastin, resulting in the visible improvement of the skin texture, elasticity and tone

SKIN TAGS - CHOLESTEROL DEPOSITS - MOLES - MILIAS REMOVAL

Price starts from = \$ 125
Anaesthetic application starts from = \$ 30

We can remove any benign skin lesions safely and effectively in as little as one session without bleeding with pinpoint precision. The machine is called lamp probe that utilises a Radio Frequency and High Frequency that melts and coagulate the blood vessels.

LASER TATTOO REMOVAL

Price starts from = \$125

Q-Switched ND Yag Laser works by shattering the tattoo pigment causing it to be removed out of the body through the lymph system. The colours that the laser can remove are: black, blue, black, red and brown.
